

Rep Board  
November 9, 2010

**Bold Font implies decisions were made or action is required.**

In Attendance: Viktor Karklins(VK), Will Con (WC), Kim Thomson (KT), Chelsea Kooistra (CK), Pauline Yee (PY), Eric Johnson (EJ), Erin Karklins (EK), Kylie Gauthier (KG), Jeri Brainard (JB), Rob Bancroft (RB), Caleb Martin (CM), Ashley Baum (AB), John Ottens (JO), Brad Weber (BW)

Absent: Alayna Domoslai

Left Early: Jeri Brainard, Rob Bancroft, Ashley Baum

I. Prayer

II. Reading of Psalm 52

III. Reading of the Mission Statement

IV. Presidential Report

David Cole: dancing, and how the school is viewing dancing this year

TESOL event that happened that went well last year

Have asked to do it again this year, with folk dance

Administration is letting TESOL do it again, but as well letting Student Government do one as well and not cancel it this year (pilot project)

David has been given, from the cabinet, to have up to 2 events this year, including the TESOL with another event like it

AB Feedback about the event from last year

David There was not much that he has heard, the cabinet can and are willing to get feedback from this event to hear how it goes. There is a concern with dress, but can handle it. They would care about the music, the style of dance, etc. but can change and talk through beforehand what is going to happen

**Everyone is wanting the TESOL to go on with their event, and have another event like it at another point during the year**

VK When event comes up, then make a sub-committee to look after to keep in touch with David Cole

JB Talk to Adrian, from RU, to talk about dancing because he wrote a paper about the theology of dance

1<sup>st</sup> motion AB

2<sup>nd</sup> motion KG

**All agree to make a sub-committee**

WC This is only for this year, not for the following year. Just because the dances do well, it might not happen again

New way of making a presidential report

There are 6 areas that they should focus on

1. Facilitate an environment and a culture
2. Being a learner
3. Spiritual (leading aspect)
4. Lead Pastorally
5. Service opportunities
6. Events and activities

AB Sees this as good and be able to do this for the student body, and how it is taken from the Mission Statement  
 VK Emailed to you to look into it  
 WC Concert that did not work out

V. Approving Minutes

JB Day of action and replacing it with something. Getting something to replace it  
 VK Release the specifics of the Day of Action, something of this sort would happen this year, different form  
 WC Using service learning on Big Red to help get students to do service learning  
 1<sup>st</sup> motion RB  
 2<sup>nd</sup> motion KG  
**All agree**

VI. Emerging Agenda

EK YQ  
 AB format for language courses  
 KG Announcements  
 RB Library  
 BW doing what we said we are going to do

EK what is coming about after YQ, and that teachers don't think that it happens with assignments being due afterwards  
 JO Brought to the ED team, and they are making it over family day weekend

AB The old format of the language courses, they like it better, and that it's a lot of information given to them  
**JO will bring it to the ED team**  
 AB Maybe do a tutorial for them  
 BW It's hard for students to go to tutorials. A lot of students who were not able to take it before are able to now  
 PY Taking both language, and would like tutorials because they are helpful to the learning process  
 JO Talk to Wes about this and the thinking behind it

KG Announcements, and evident by the concert, people are not reading posters, there must be a better way to get announcements out there. People like it in Chapel

VK Direct this to the presidential team who can look into it  
JO Cannot bring it in chapel, need suggestions to do something else  
AB Has anyone asked Cal why we are doing this, maybe ask him about this  
KG Is it possible to do announcements at the end of Chapel  
CK There has been a worship time and the listening of the speaker and it can be hard to do  
WC This is time for reflection, and that those who have an announcement might have class  
BW Put them in bathrooms, and do more printing with this suggestion  
EJ Mass emails?  
WC Mass email only going to the Alternative housing people, and don't want to send out more than once a month  
Consider making a mass email to everyone, not just Alternative housing

EJ Library, it opens the same time as class starts  
VK When the library said that they were going to open earlier and longer, nothing is going to happen this year. But bring it to the library's attention  
EJ There is only one place to print and finding other printers around outside of the library  
VK Can we direct it to the library?

**Presidential team will look into it**

BW Posting on Big Red what we have talked about during the meeting  
VK Finding someone who is willing to make them more concise and posting them  
CK Inviting people to come to the meetings and these are the issues being dealt with

**Post the agenda up before the meeting on Big Red**

BW Profs using their own books not and having other authors

**JO will bring back information on this**

CK Bring the constitutional changes to the student body  
VK We are needing to push it back one more time, so we can announce it the student body. It is going to happen on Dec 2.  
Needing to give more time to announce it

**All agree**

VII. Code of Conduct Sub-committee

BW Rob, Jeri and himself met, and worked through the code of conduct. There are lots of issues that were found within the code. There is an expectations and restriction section and what the students are doing with this. The restricted behaviour included the alcohol, tobacco, and swearing, and be pushed in the expectations section. Reason as a disciple to not be doing these things. Like feedback on the alcohol issue, and that alternative students be given the option to have a drink once in a while. If those who

are living outside of the dorms have been given the responsibility to be living outside and that they should be able to decide for themselves (all suggestions).

VK **Will be emailed out and bring feedback for these issues**

VIII. Break

IX. Pray for Presidential team

X. Proposal for Relations coordinator

Relations coordinator who is looking after the events between all three schools, and make that coordinator have two jobs, one relational and the other fundraiser for student government. Put on events this way, and raising money for student government for other events

PY Who did this before?

WC Will be working on it with Kim Thomson to make the job description

KG Will she have two independent jobs

WC No they will be able to use both for an event and put the fundraiser on with all three schools

BW Why this change exactly

WC Not enough work for her to do and that it would be able to bring the three schools together

EK Put fundraiser as a goal of her job, and have a two part job

VK One problem, splitting between two halves, and putting them together does not fit together about this. It should be two people not just one

WC Am I able to look into this to see what can happen

All agree

Next Meeting November 30 at 6:00 in S113
